GAS FILLED THE CELLAR

And Assistant Chief is Drowned in Six Feet of Water

Oxygen Used to Restore Brave Laddies—Hotel Inmates Forced to Flee.

New York, Feb. 14.—Deputy Fire Chief Charles Kruger was drowned early today in six feet of water the department had poured into the sub-cellar of Pischler & Company's blazing five-story mirror factory at 217 Canal street. Fireman Tierney was caught in a back draught and painfully injured and six other members of the department were so seriously overcome by smoke that the use of oxygen was necessary to revive them. Inmates of the Howard hotel and of neighboring tenement houses in Canal, Hester and Mulberry streets were driven out by the fire which threatened to sweep the entire block. The fire loss was about \$75,000.

The number of injured was six and overcame thirty. Kruger lost his life through his devotion to duty. Chief Croker, realizing the danger of a gas explosion, had ordered the men to fight the fire from outside the building. Kruger believed better work could be done inside however, and asked permission to lead six men into the cellar. The deputy sent all his followers except his driver back.

Kruger and the driver's long absence alarmed the firemen and rescuers entered the cellar after them. The gas was by this time so thick that they began to fall unconscious at once and it was necessary to send others in to rescue them. At one time 28 men lay unconscious in the cellar.

PRINTING CONCERN LOSES HEAVILY

Circus Posters for the Coming Season Go Up in Smoke at Buffalo, N. Y., Today.

Buffalo, Feb. 14.—The warehouse and stock store rooms of the Courier Printing company were destroyed by fire today. Among the material destroyed were circus posters for the coming season valued at \$180,000. The total loss will approximate \$250,000, covered by insurance.

BISHOPS WOULD PREFER TO SEE FORAKER PRESIDENT

Washington, Feb. 14.—In the interviews today Bishops of the African M. E. church, holding conference here, expressed almost unanimous sentiments for Senator Foraker for president.

ENGINEERS HOLD CONFERENCE OVER WAGE REDUCTION

Cincinnati, Feb. 14.—The threatened cut in railway wages was considered at an important conference of the various executive heads of the Brotherhood of Locomotive Engineers in this city yesterday afternoon. This cut was recently announced on the Queen and Crescent systems, and is reported to be impending on other lines.

Parties to the conference were J. A. Kaiser and A. M. Davis of Birmingham, J. D. Thomas of Chattanooga, John O'Fall of Somerset, Ky., and A. W. Nichols of Louisville. In addition to these men several heads of the engineers participated.

ATTORNEY JAMES JOYCE NOMINATED OVER DAWES

Cambridge, Feb. 14.—Jas. Joyce, an attorney of this city, yesterday was nominated for Congress in the 15th district congressional convention and two delegates to the Chicago convention were selected, under instructions to vote for Secretary of War Taft for the nomination for president. These are the first national delegates selected in Ohio.

Joyce's nomination came on the one hundred and fifty-second ballot, after four hours of continuous balloting. At the opening of the convention General R. B. Brown of Zanesville, editor and former commander-in-chief of the G. A. R., and Congressman Benjamin G. Dawes were in the lead and continued in their respective roles as such until the next to the last ballot. The anti-Dawes faction controlled the convention throughout and it was "anything to beat Dawes" from the very start.

The inability of the opposition to center its forces on one candidate delayed the result, and the steadfast loyalty of the 39 Guernsey county delegates to Joyce was finally rewarded when, on the 152d ballot the Brown forces wavered and then went pell mell to Joyce.

The convention endorsed the Roosevelt administration and the Taft candidacy for president in strong resolutions and selected Maywood Morris of Caldwell and S. A. Weller of Zanesville as national delegates. Mr. Weller is a personal friend of Senator Foraker, but will support Taft for the presidential nomination, in accordance with the expressed wishes of the convention. Mr. Morris some time ago pledged his support to Taft. The alternates are Charles Dana of Marietta and Senator J. P. Lyne of McConnelsville.

Frank Ramsbottom of Zanesville, is the presidential elector.

GERMS OF TYPHOID SWALLOWED BY MILLIONS WERE ASSIMILATED

London, Feb. 14.—A story of a medical man, Dr. Thresh, who drank millions of typhoid fever bacilli by mistake, was told at the hearing of the action brought by Dr. Ferguson, the proprietor of a Malvern hydro, against the local council, in connection with the contamination of a private water supply and an outbreak of typhoid.

Dr. Thresh, who is an authority on typhoid, said that the typhoid bacillus was so minute that the number of bacilli in a drop of water might equal the population of the whole world. He declared smilingly that he had swallowed "millions of them". Asked how he liked them, he replied:

"Well, for three weeks I enjoyed the pleasure of imagination, and when those three weeks had passed and nothing happened I felt happy. This thing occurred accidentally. I was testing water which was said to contain typhoid bacilli. The water was very warm, and one day I swallowed a glass of water. Then I discovered I had drunk the water in which I had put the typhoid germs."

FALL FROM A SCAFFOLD MADE HIM KLEPTOMANIAC

Edwardsville, Ill., Feb. 14.—A fall from a carpenter's scaffold split the moral nature of Henry Schuele, a wealthy contractor of Alton, Ill., as a wedge splits a log.

Shrinking from contact with other prisoners in the county jail here, he protests that he is no common thief. He refused bond and said he will make no effort to free himself of the charge against him other than to tell the strange story of how an injury to his head turned him into a night prowling burglar.

"I have tried my best to keep from stealing, but I can't," he said with tears in his eyes. "I was as good as any man until two years ago, when I fell from a scaffold. I landed on the back of my head and my skull was fractured. They took me to St. Joseph's Hospital and kept me there several weeks. A piece of the bone was pressing on my brain and the surgeon removed it."

"Then, one night I awoke. There was a woman nurse sitting by the bed. The corner of a white handkerchief was sticking out of her pocket. Like a flash the thought came to me 'I must have that handkerchief,' and I stole it."

"Nothing I had ever done made me feel so good. I laughed at the nurse behind her back. But when daylight came I was ashamed of myself. I hated myself. I took the handkerchief from under the pillow and dropped it on the floor so the nurse would find it."

"When I was sent home cured it was the same way. In the middle of

HUGHES WANTS KELSEY REMOVED

OTTO KELSEY
Treasurer, Dr. Albany Anti Union.

Albany, N. Y., Feb. 14.—Swearing in action to his major purpose since he dined the Fleming report Governor Hughes has renewed to the Senate his recommendation of last

year for the removal of Otto Kelsey from the office of State Superintendent of Insurance. The governor's recommendation for Mr. Kelsey's removal was referred to the Judiciary committee last year.

the night I would have to get up and go out and steal something. First I would steal keys to buildings which I was putting up. That satisfied me for awhile, but when I would wake up something seemed to tell me to use the keys to get into buildings.

"On an average of once a week I would enter the store of some neighbor I stole without premeditation, taking the first thing I could."

"In the morning I would get up at daylight and get what I had stolen and throw it into the river."

LAUNDRY TRUST FINED.
Cincinnati, Feb. 14.—The eleven laundries under indictment for organizing a combine to raise prices, yesterday pleaded guilty and each was fined \$50 and costs. The trust also agreed to dissolve and the indictments against the laundry proprietors were nolleed.

FLEET WILL PASS VALPARAISO TODAY

Admiral Evans' Tender, Yankton, Sends Dispatch—Two Days Behind Schedule.

Washington, Feb. 14.—A dispatch from Admiral Evans' tender, the Yankton, now at Valparaiso, reports that the battleship fleet will pass that point this afternoon and will reach Callao, February 20, two days behind the schedule.

THE OLD FIRM OF ROBERT CLARKE CO. IS IN TROUBLE

Cincinnati, O., Feb. 14.—For the announced purpose of protecting the business, Howard Barney was yesterday appointed receiver for the Robert Clarke company on application of J. F. Laning, the principal stockholder.

The Robert Clarke company after an existence of nearly half a century, was in the courts a few years ago, and then became the property of the Laning Manufacturing company of Norwalk through purchase by the head of that concern, but it retained the name by which it had become widely known as a publishing house. It was feared that the appointment of a receiver for the Laning company at Norwalk yesterday might have an adverse effect on the Clarke company, and the receivership was asked for by Mr. Laning.

The Robert Clarke company is said to have assets of \$130,000 and liabilities of only \$45,000, and is declared to be entirely solvent.

DAMAGE

From Flood Which Was Caused by Breaking of Ice Gorge Near Cleveland.

Cleveland, O., Feb. 14.—Lives were endangered and thousands of dollars worth of property destroyed in a flood which resulted from the forming of an ice gorge in Rocky River, in Lakewood, a suburb. The river is rising rapidly with continued thawing weather, and damage to the valuable yachts of the Lakewood Yacht club, housed for the winter on the banks of the river, as well as to other property, is threatened.

The breaking of the gorge swept all the buildings of Lincoln Park, an amusement resort just south of the big Rocky River bridge, between Lakewood and Rocky River hamlet, into the raging stream. The entire plant of the amusement company is destroyed at a loss of \$100,000 or more.

Dynamite was used to save the B. & O. bridge at Old Millcreek and the Brecksville road, a force of men working from midnight through the day. John Sadler, 52, who lived with his sister in a houseboat moored to the bank of the river, saved himself and sister. Their boat was overturned by a jam of ice and they were plunged into the swirling waters, ice-crested. Sadler swam 50 yards, his sister's arms about his neck.

STATE CONVENTION INSTRUCTS FOR BRYAN

Milwaukee, Wis., Feb. 14.—The Democratic state convention in session here today endorsed Bryan and instructed the delegates to vote for him "first, last and all the time."

GAYMAN'S BILL PASSES HOUSE

Columbus, Feb. 14.—The House Friday enacted into a law Senator Gayman's bill, forbidding stenographers to make known at any time, correspondence or business affairs of their employers, under penalty of conviction of a felony.

DUCHESS D'UZES COMES TO ATTEND SHONTZ WEDDING

THE DUCHESS D'UZES, FROM A PHOTOGRAPH BY MICHAEL HALL.

New York, Feb. 14.—On the Kronprinzessin Cecile the Duchess D'Uzes, sister of the Duc de Chaulnes arrived to attend the marriage of her brother to Miss Theodora Shontz, daughter of Mr. Theodore P. Shontz, which is to take place tomorrow. Accompanying the Duchess were her

uncle, Prince Galitzine and others. The party was met at the gangplank by the Duc, who embraced his sister and his uncle and escorted them to the customs desk, where they went through the formality of having the jewel case of the Duchess examined.

KENTUCKY SCOUT ENJOYS SEEING MONEY BURN UP

St. Louis, Feb. 14.—Scout Bob Johnston, formerly of Frankfort, Ky., where his mother still lives, accompanied by his wife, who, with E. J. ("Lucky") Baldwin, invaded Death Valley in California and came out with millions, is at the Hotel Jefferson spending part of his fortune.

Bill boys and other attaches are dancing to the music of the Westerner, who, besides claiming title to a vast fortune because of his discovery of the prolific gold fields, has another

distinction—that of being mistaken for William J. Bryan.

"Give me the best you have in the house," Johnston told the clerk as he registered yesterday. "Pay no attention to prices." After spending a week in St. Louis, Mr. and Mrs. Johnston will go South and later they will sail for France.

"I am going to buy an airship while abroad," said Johnston; "these airships are more exciting than automobiles."

SELECT COUNSEL FOR MECK INVESTIGATION OF SCHOOL AFFAIRS

Columbus, Feb. 14.—The joint House and Senate committee, of which Senator Sites of Fairfield county is chairman, and which has in charge an investigation of the charges made by Senator Meck against the state board of school examiners and the office of the state school commissioner, at an executive session yesterday named as counselors at law Michael A. Daugherty of Lancaster, Democrat, and Judge J. C. Miller of Portsmouth, Republican. A committee was named to select two stenographers of opposite politics, and nine o'clock Monday morning was set for the time of the first public hearing.

Senator William H. Meck of Dayton, who made the charges, will be the first witness called to the stand. He has given the committee a list of 16 persons to subpoena. The list was not made public, but is composed mostly of school superintendents. The name of the woman whose name is on the affidavit which Senator Meck says he has to substantiate his charge of immorality, does not appear in the list.

The senator filed written charges with the committee. The charges follow: "I, the undersigned, make the following charges against the members of the board of state school examiners and the state commissioner of common schools of Ohio, to wit: "That cliques and organizations have existed and do now exist in the school system of the state of Ohio for improper influence in the selection of such school officials and for other corrupt purposes—that such cliques and organizations are under the domination of bosses who control the cliques for corrupt purposes in the state of Ohio."

sued by the state board of school examiners of Ohio; that members of said board have trafficked in such certificates, or issued or promised to issue the same in consideration of receiving employment as lecturers before teachers' institutes in said state, or on other improper grounds and considerations.

"That members of said board of state school examiners of Ohio have installed lady applicants for state school certificates in said state with immoral and licentious proposals and while said lady applicants were being examined by said board of state school examiners for the purpose of obtaining state school certificates in said state."

FORMER GOVERNOR TO ANSWER CHARGE OF BEING PERJURER

New York, Feb. 14.—Indictments alleging perjury were returned Thursday against former Governor of New Jersey Foster M. Voorhees and Frank H. Combes following a grand jury inquiry into the acts of the two men while they were officials of the Bankers' Life Insurance company.

The Bankers' Life Insurance company went out of business some time ago, and the allegations have to do with acts committed prior to 1905 and while Voorhees was president and Combes the secretary of the company. In the indictments, which are similar, one being returned against each, it is charged that in 1904 the president and were sworn falsely in setting forth a report to the state insurance funds were not due to policyholders, and were not due to policyholders.

TAFT

Gets His Strength from President Roosevelt

SAYS GOVERNOR BLACK

His Popularity Does Not Compare to That of Foraker

And New York's Chief Executive Comes Out Flat Footed for Senior Senator from Ohio.

Boston, Mass., Feb. 14.—Congressman Henry T. Bannon of Ohio, was one of the guests of honor at the Home Market club banquet in Boston last night, and, with former Governor Frank S. Black of New York, he put in a day that from start to finish made the sedate members of the far-famed, dignified, aristocratic Draper organization sit up and take notice, then gasp in astonishment. It was not only in his address at the banquet that Congressman Bannon caused excitement. His speech mostly was on the tariff and a eulogy of Cannon, and it caused some amazement in this hotbed of tariff revision, for the staid listeners could not grasp the mental workings of a man who really did not believe in revision, now, quick, and at once.

"Senator Foraker is one of the greatest men in public life today," he declared. "What is more, in my estimation, he is one of the greatest, if not the greatest, statesmen this country has ever produced. He is clean, he is honorable, he is independent and he is a fighter. And we need (Continued on page 4, 3d col.)"

PAPERS HIS HOUSE WITH VALENTINES

Delaware, Ohio, Feb. 14.—Hardwick Spotts, considered the most homely man in the state, has looked forward to St. Valentine's day with considerable pleasure, for he counts upon acquiring enough comets to finish the papering of his home.

Mr. Spotts is proud of his face. He has often said that there is nothing that can compare with it for concentrated ugliness. He says he is so ugly that when he was kicked in the face by a mule it improved his looks.

For years friends have been remembering him on February 14, but it has only been during the last four years that he saved the valentines. He has papered the parlor, sitting room and two bedrooms with these contributions, and this week he expects to get enough to nish up the halls and kitchen.

This gentleman has shown taste in the scheme of decoration, and some excellent panel effects have been made by a judicious combination of profiles.

LAUNCH GRAY BOOM

LACKAWANNA DEMOCRATS CALL TO PARTY IN THE NATION

World's Foremost Peacemaker is a Man of Practical Common Sense, Next to the People.

Scranton, Pa., Feb. 14.—A movement of national scope, to nominate Judge George Gray for the presidency, was launched here when the Democratic county committee unanimously passed an appeal to the Democrats of the country favoring his nomination by the Democratic national convention, and called upon candidates for national delegate in this congressional district to pledge their votes to him.

Democrats in the other mining districts of Pennsylvania are likely to follow the lead set and it is expected that the movement for Judge Gray will spread into West Virginia, Illinois, Tennessee, Indiana, Alabama, and other states where the Delawarean is known best as an arbitrator of labor disputes.

GRANVILLE

Granville, Feb. 14—The musical loving people of Granville are to be afforded a rare treat on next Thursday evening, Feb. 20, when the Olive Mead Quartet gives its concert. These four young ladies are excelled by few and rank with the best. They have made great hits wherever they have played and Granville is very fortunate in having these New York artists on the lecture course.

Mr. and Mrs. H. M. Porter of Cleveland, who have been here for a day or two, have come to Toledo where they will make a short visit before returning home.

After a short visit with relatives and friends here Mrs. George Richards and little daughter Helen have returned to their home in Columbus. One of the most enjoyable social events of the past week was the meeting of the Winter Pique club at the home of Mrs. John David Jones on College street, Wednesday afternoon. The time was passed very pleasantly by the members of the club. One of the pleasing diversions of the occasion was the display of a large number of old photographs taken of the members of the club in years gone by.

Mrs. L. N. Brown of Bucyrus was in the village Thursday for a short time.

Mr. A. L. Armstrong of Bethany, Ill., has purchased the two properties belonging to William Frenier on East College street. It is the intention of Mr. Armstrong to repair the brick house at once and he is getting estimates on two new houses to be erected on the lots where the blacksmith shop stood. The blacksmith shop is being torn down. This will be a great improvement.

Mr. Frederick Willison of Hamilton, O., was here on business Thursday.

Miss Grace Ullery, a charming young lady of Wilmington, O., who has been spending several days with friends, returned home Friday.

PREPARING FOR NEXT MEET.
 Granville, O., Feb. 14—The Denison University Intercollegiate association was organized for the coming season. The officials are: Manager, H. M. Hoffman, secretary-treasurer, W. L. Morris; advertising manager, W. H. Parsons. The officers of the association have already started their work and anticipate an excellent high school track meet. The meet this year will be held May 23 on Beaver athletic field.

NEWARK WOMAN IS HONORED

BY BEING ELECTED STATE VICE PRESIDENT OF DAUGHTERS OF RUBEN CA.

Mrs. E. Jeanet Moore Wins Over Ten Candidates From Various Parts of Ohio.

Announcement has just been made of the election of Mrs. E. Jeanet Moore, wife of Elmer E. Moore of this city, to the office of state vice president of the Daughters of Ruben. Mrs. Moore was one of ten candidates for the honor, representing various parts of Ohio.

The news of the election of the Newark lodge woman to the honored position was received here Friday

with much enthusiasm by her many friends. Mrs. Moore has been a prominent lodge worker in this city for several years. She was announced as a candidate last fall. The counting of the thousands of ballots was an immense task which has kept the candidates in suspense for many weeks.

Licking lodge, D. of R., as well as Mrs. Moore herself, greatly appreciate the honor conferred upon one of its most active and earnest workers.

PEEPER IN GOVERNOR'S YARD.
 Dayton, Feb. 14—Jack the Peeper was discovered last night in the yard at the home of Governor A. L. Harris by Mrs. Gilmore, wife of Judge J. A. Gilmore, a neighbor. The attention of persons returning from the theater was called to the fellow and they in turn notified the police, but by the time the police arrived the man had made his escape.

FAMOUS QUARTET

One of the Big Musical Numbers at Taylor Hall on Wednesday Evening.

The trombone quartet, introduced and used only by the Chicago Glee club, has proven to be one of the most artistic and pleasing musical novelties in the Lyceum. The trombone is considered to be the "king" of wind instruments, and in its use the club has demonstrated unusual ability. The effect produced by the four trombones in a large auditorium approaches in mellowness and volume a great pipe organ, yet never harsh or blaring in a small room.

The Chicago Glee club will be at the Y. M. C. A. on next Wednesday evening.

Stomach Trouble Cured at Eighty

Mr. Zeno Thorp, of Hutchinson, Kansas, who is 80 years old, after suffering years from Stomach Trouble, Weak Heart and Poor Circulation, was cured by Duffy's Pure Malt Whiskey.

In a recent letter Mr. Thorp wrote: "I have been suffering for the last five years from stomach trouble, weak heart and poor circulation of blood. I doctored with the best three doctors I could find during two years, but received no relief. I was advised very strongly not to use any whiskey, and for two years went without it, but found that I would have to go back to Duffy's Pure Malt Whiskey, which I had begun to use at the time I was doctoring. I have improved right along, and know that, taken in medicinal doses, such as you prescribe, it does me good. I am over eighty years of age, and shall use your tonic stimulant the rest of my life."

Duffy's Pure Malt Whiskey is an absolutely pure distillation of malted grain; great care being used to have every kernel thoroughly malted, thus destroying the germ and producing a predigested liquid food in the form of a malt essence, which is the most effective tonic stimulant and invigorator known to science; softened by warmth and moisture, its palatability and freedom from injurious substances render it so that it can be retained by the most sensitive stomach.

Sold by druggists, grocers and dealers or direct. \$1 a bottle. Illustrated medical booklet containing a few of the many convincing testimonials received from grateful men and women who have been cured, and doctor's advice free. Duffy Malt Whiskey Co., Rochester, N. Y.

WHY NOT JOIN ARMY?

When a young man becomes a cadet at West Point, he enters upon a government allowance of \$609.50 a year. On graduation the West Pointer is commissioned a second lieutenant and receives a salary of \$1,490 if unmounted, of \$1,500 if mounted. Increases at each five year period bring the pay at the end of twenty years up to \$1,960 in the one case and \$2,100 in the other.

The pay of first lieutenants begins at \$1,500 and \$1,600; captains, \$1,800 and \$2,000; majors, \$2,500; lieutenant colonels, \$3,000; colonels, \$3,500. Each officer attains a 40 per cent maximum increase in twenty years.

On the average the salary of the army officer is higher than that of the college professor, the minister or the graded civil service employee. The officer has allowances for residence and personal attendance. He may buy household supplies from a government commissary at cost.—Detroit News-Tribune.

LONDON BIGAMIST HAS CONFESSED

ADmits HE IS "WITZHOFF" WHO IS WANTED IN MANY AMERICAN CITIES.

Has Thirty-two Wives, Nearly All Residing in This Country—He Wanted Their Money.

London, Feb. 11.—Arthur Hyne, the bigamist sentenced yesterday at Bristol to seven years imprisonment for his numerous marriages, has made a full confession in the form of an autobiography, which the Evening News publishes today. Hyne admits he is "Witzhoff," wanted for bigamy in so many American cities, but says his real name is Schetz. He admits that he has passed under 25 other names and says he has only 32 wives, nearly all in America. He says he only married them to get their money.

Some people are willing to give the devil his due even before he claims it.

Streets Being Cleaned. The members of the Board of Public Service had many bouquets thrown at them Friday in appreciation of their action in putting a large force of men to work cleaning up the streets around the public square. The streets of the city, especially in the outlying districts, are in horrible condition. In the North End the children, in many instances, are prevented from attending school on account of the great depth of the mud.

The bad condition of Newark streets all over the city, is remarked on by many traveling men, and even people from Mt. Vernon make light of them.

Baggageman Sick. Albert Ellis, the well known baggageman, running on B. & O. trains Nos. 106 and 108, is very ill at his home in Columbus. Mr. Ellis is well known to many Newark people who will be sorry to hear of his illness.

Located in Pasadena. Mrs. E. Hays Humphrey, who formerly conducted the Woman's Exchange on North Third street, is now located with her two daughters at Pasadena, Cal. Mrs. Humphrey writes that she went west on account of her daughter's health.

Victim is Recovering. Miss Dimple Burkhart, the victim of the accidental shooting near the Wehrle works Wednesday afternoon, is getting along nicely. On account of an oversight, Dr. Harbottle, who assisted in the operation and remained in the house until she had fully recovered from the anesthetic, and whose name was unintentionally omitted from the report of the case, is deserving of a large share of the success in the removal of the bullet.

Very Sad Indeed. One of the saddest sight to be witnessed in this and other Ohio towns is the distress of splinters who have been neglected, on St. Valentine's day. This vast army of left overs, who live in the memories of lost opportunities, is entirely forgotten upon this feast day. One of the general delivery clerks at postoffice informed the Advocate that last year one very respected maiden lady visited the office seven times, and finally, after being convinced that there was no valentine went out on the canal bank and wept so copiously that the foundations of the foot bridge were washed away. That it might not be said

of a dull pain that I could not quite understand. Then there was a dull headache, and my mind seemed to be wandering continually. I could not eat and what little solid food I did eat I could not retain on my stomach. I tried every remedy I could think of, and also tried out a number of patent medicines, but without any apparent result. It was through one of my friends that I heard of Cooper's preparation, and I immediately decided to try some of it. It is two weeks since I took my first dose of it, and I feel like a new woman. The headache seems to have disappeared, and the pain in my stomach along with it. The medicine is worth its weight in gold, and I want to thank Mr. Cooper for what he has done for me."

Mr. Edwin F. Morse, of 20 Oakley street, Dorchester, a suburb of Boston, says: "For three years I had not a well day. My stomach was in frightful shape; the mere thought of food would nauseate me, and I really had a horror of anything to eat. All solid food would cause me extreme indigestion, bloating and gas on my stomach, and nothing tasted right. Some time ago I got some of this Cooper's medicine, about which there is so much talk. I actually feel as well and strong as a boy ever since the first bottle. Every sign of stomach trouble has disappeared, and I have a hearty appetite and eat three square meals; every thing seems to taste good. Anyone who knows what chronic indigestion is can appreciate what this means to me. I consider this the most remarkable medicine I ever heard of."

We sell Mr. Cooper's medicines, and find them to be all he claims. —City Drug Store.

Next Sunday afternoon will be given the first of a series of sacred concerts at the Y. M. C. A. The splendid Auditorium orchestra has been secured for this occasion. The concert will begin at 2:45 in Taylor Hall. All are welcome. The Denison university male quartet will sing at the men's meeting following.

City Mission. Special meetings are now being held at the city mission, 120 East Main street, with D. W. Wesley of Columbus in charge. Lady Evangelist Jessie Jackson of the tent meeting last fall, is assisting. These services are each evening at 7:30. An old fashioned Methodist love feast will be held next Lord's day at 10 a.m. All are invited.

Glove Manicure. A company has been organized in this city which will manufacture canvas gloves. The enterprise is headed by Frank Evans of this city and Edward Miller of Newark. A location has been secured in the rear of the Union foundry on Monroe street, and the work of fitting it up preparatory for work is rapidly progressing. Six machines have already been installed. The plant will be ready for operation in a few weeks and a number of men and women will be employed.—Zanesville Signal.

Owed Bill, Sipped Town. Claiming that Mabel Smith and Mary Mitchell, two young women who had purchased clothing from him on the installment plan, had skipped town, William Herschburg, collector of the New York clothing store, appeared before Mayor Atherton Thursday and swore out a warrant for their arrest. The police department was notified and they started "the wheels going" with the report that the girls were located in Zanesville. Officer Hazer and Mr. Herschburg caught an interurban and on their arrival in Zanesville, placed the girls under arrest. It is claimed that one of the girls owed \$35 and had paid \$14 on the bill, while the other owed \$11 and had paid only \$1. The collections were made and the girls released from custody.

The Bible tells us that Eve was created from Adam's rib, and makes no bones about it.

ONLY NECESSARY TO TREAT THE STOMACH

Claim of Central Figure in Recent Controversy, Is Novel.

The new theory advanced by L. T. Cooper relative to the human stomach has attracted such widespread attention that the public in cities visited by the young man has been joined by many physicians in a discussion of his beliefs and medicines.

It's funny to see the jubilation of some Taft papers over the result of the alleged primaries held in Ohio Tuesday. They are claiming that Taft is the unanimous choice of the Republicans of Ohio and that the Forakerites were snowed under by an overwhelming majority. The truth is that the Taft men were allowed to have everything their own way, the Forakerites not mixing in, and only ten per cent of the Republican vote participated in the primaries which makes the whole affair about the most farcical political event ever witnessed in the State.

Taft has carried Ohio at the so-called Republican primaries. But when was there ever such scramble for a man high up in his party to secure a delegation from his own

The reunion will be held in the Christian church at Utica. Prof. Harris is wealthy and is paying the function at his own expense. He has been spending the past few weeks among his old scholars.

MASQUERADE

Was a Decided Success and \$20 in Prizes Were Awarded the Maskers.

Thursday evening's masquerade skate at the Palace rink was a big success. Prizes were awarded as follows: For the neatest costumes, Mrs. Stoffer and Raymond Agnew, \$5.00 each; for the most comical outfits, Mary Fitzgerald as "Sis Hopkins," and William Taylor as a Jew peddler, each drew \$2.50, while Blanch Powell and Ray Anderson, as comic twins, also got \$2.50 each. The judges were A. C. Foster, Charles Brown and Mr. Thompson. Following the awarding of prizes, Manager Snyder consented to close the evening with dancing. The affair was enjoyed by an immense number of participants and spectators.

NEWARK MAN

Organizes Company for the Manufacture and Sale of New Soldering Compound.

The Ruby Chemical company of Johnstown, has announced that the first 60 days of business experience has proved entirely satisfactory, in every way. The company was formed for the purpose of compounding and marketing a soldering and tinning fluid, invented and patented by Mr. Orval C. Hoover of Johnstown, who is secretary of the new company. A number of Newark parties are stockholders, S. E. Siegfried, assistant postmaster, being president of the board of directors.

The company was organized by Charles H. Hoover of this city and was incorporated November 21st, 1907. The sale of shares of stock was completed on February 10th, and a sufficient amount paid in to meet all of the requirements.

A large part of the stock was taken by Johnstown's most progressive and substantial business men. A neat booklet has just been issued containing a brief statement of the uses and value of the compound together with copies of orders and strong voluntary endorsements by some of the leading manufacturers in the United States who are now using the fluid.

Mr. Hoover of Newark has been engaged to visit the principal cities of the country as general sales manager, to establish agencies with wholesale supply houses in all of the principal manufacturing centers.

GOOD HOME REMEDY

Anyone Can Prepare This Mixture Which is Said to Readily Relieve Catarrh.

The coming months will be a harvest for the doctors and patent medicine manufacturers unless great care is taken to keep the feet dry, also dress warmly.

This advice should be heeded by all who are subject to rheumatism, kidney and bladder troubles and especially catarrh. While the latter is considered by most sufferers an incurable disease, there are few men or women who will fail to experience great relief from the following simple home prescription, and if taken in time it will prevent an attack of catarrh during the entire season.

Here is the prescription, which any one can mix: Fluid Extract Dandelion one-half ounce, Compound Kargon one ounce, Compound Syrup Sarsaparilla three ounces. Shake well in a bottle and use in teaspoonful doses after each meal and again at bedtime.

The Compound Kargon in this prescription acts directly upon the eliminative tissues of the kidneys to make them filter and strain from the blood, the poisons that produce all forms of catarrhal affections. Relief is often felt even after the first few doses and it is seldom that the sufferer ever experiences a return attack within the year.

This prescription makes a splendid remedy for all forms of blood disorders and such symptoms as lame back, bladder weakness and rheumatism pains are entirely dispelled. As this valuable, though simple, recipe, comes from a thoroughly reliable source, it should be heeded by every afflicted reader.

TAFT

(Continued from Page 1)

fighters today more than we need anything else."

Then the Congressman went on with what seemed to be a veiled rap at the President and the usurpation of power by the executive branch of the Government.

"What is needed more than anything else right now," said Mr. Bannan, "is courage and absolute independence on the part of our national legislators."

When it came to the discussion of national politics Mr. Bannan was right in his element.

"Ohio—How is Ohio?"

Mr. Bannan dismissed the hint that Taft had everything his own way there, with a wave of the hand.

"Oh, that's nothing. The primaries don't mean anything. Let me tell you," declared Mr. Bannan very earnestly, "the principal source of Mr. Taft's strength in Ohio is President Roosevelt. Without Roosevelt's influence the Secretary of War wouldn't be one, two, three."

"That influence counts now, because no one knows just where Roosevelt is. And he has an amazing, a most amazing hold on the people. But let that influence lose its effect, as it will lose its effect before convention time, and let Taft stand on his popularity, and then Ohio will show where she stands."

There will be four delegates at large and forty-two more in Ohio. Senator Dick ought to know, and Senator Dick says Foraker will get the majority of them. Then Hughes and Cannon are pretty well thought of down there. They will get some. You can figure out for yourself just in what shape Mr. Taft will be as regards Ohio.

when convention time rolls around." "How do you stand in the fight?" Mr. Bannan was asked.

"Me, oh, me, let the best man win. That is my sentiment. Foraker, Cannon, even Hughes, all three are good men. Any one of them would make a good president."

That was all that Mr. Bannan would say. But as he had eulogized Senator Foraker during the day, so to some extent he eulogized Speaker Cannon in his address at the banquet.

"The man who knows more about the government of the United States, and how to run it successfully," he said, "is Joseph G. Cannon, a man of ripe experience and mature judgment."

TAFT CHEERED BY WOLVERINES

Detroit, Feb. 11.—Secretary of War William H. Taft, who was the guest yesterday afternoon of the Michigan Retail Lumber Dealers' Association, talked for half an hour at the luncheon which was tendered him by the association.

Throughout his stay in the city the Secretary's every appearance on the street was the signal for cheers and enthusiastic outbursts.

MILK THIEF CONFESSES TO CRIME TODAY

For some time past residents of the city have complained to the police that milk thieves have been at work, and frequently they have been forced to buy an extra supply of the liquid to last them during the day. After the milkman makes his rounds in the morning and delivers his goods, and by the time the housewives are up to prepare breakfast, the milk bottles left on the porches are empty.

This has caused all kinds of trouble and the numerous calls have caused the police many a bad moment. Chief Zergiebel has sworn many a mighty oath that the petty robbers would be "nailed," and all efforts to land them proved unavailing until early Friday morning, the first of the marauders and the would be despoilers of happy homes was arrested.

Wesley Mitchell, 15 years of age, has been under suspicion for some time past, and at 4 o'clock this morning Officers Hurlbath, Gorman and Lytle arrested him. He pleaded guilty in police court and said that he just stole the milk to drink it. He was fined \$1 and costs and sent back to his cell for a little quiet reflection on the nature of his sins. The others, mixed up in the deal have not been arrested but are being watched, and the new style of larceny isn't apt to become popular when they are taken in.

Meat is high, fruit is scarce, so buy Mrs. Austin's famous pancake flour. A good, hearty breakfast for little money.

CROWDS! CROWDS! TREMENDOUS CROWDS

The people who have thronged our store during the opening day of

THIS FORCED SALE

have been simply tremendous, and we have been compelled to double our force in order to properly attend to the wants of the people. We offer an apology to those who were not waited upon during the first rush and beg to assure them that we can now care for them in the courteous manner that THE LONG BROS. STORES are noted for. We certainly did not anticipate having so many people to care for, and confess that we were LITERALLY SWEEPED OFF OUR FEET. Such bargains as have been offered were never seen before in this or any other city, and THERE'S A REASON. We are compelled to move. Do not confound this with the ordinary fake sale. We are between the DEVIL AND THE DEEP SEA, to-wit: The goods are here and we have no place to put them. The only logical conclusion is to put the goods into your homes at some price. Thrifty housewives and money-saving people cannot afford to miss this, the opportunity of a life-time to stock up with first class goods---and you know the class of goods we carry---at prices even below the cost of the raw material. And REMEMBER, this sale closes on Monday, February 24th, at 9 p. m., after which it will only be remembered as the biggest thing of its kind that ever occurred in the mercantile history of Newark. Respectfully,

MINCE PIE IS PROLIFIC CAUSE OF MUCH CRIME

Washington, Feb. 14—"Mince pie and ice water are more injurious to health and morals than intoxicating liquors," the House committee on judiciary was informed by Theodore S. Suro, representing the National German-American Alliance. Speaking on the Littlefield bill, aimed to make

state prohibition laws effective. Mr. Suro escaped from a shower of cross questions from the committee long enough to enter into a dissertation upon rich food as a cause of crime.

"If the law can say to a man, 'Thou shalt not take a sip of wine or beer or whisky or brandy,' it can by the same authority say to him, 'Thou shalt not take a mouthful of mince pie and a tumbler of ice water,'" he said. "Gentlemen of the committee, over indulgence in intoxicants is but the only excess conducive to crime in this country. I give it as my firm belief that as many murders have been committed by dyspepsies, made dyspepsies by too much mince pie and ice water, as by men inflamed to violence by strong drink."

Presenting an argument based on both morality and health considerations, Mr. Suro branched off into a discussion of prohibition.

"Prohibition does not prohibit," he declared. "You cannot legislate morality into the people. The only way to make temperance men and women is to teach them moderation as they grow up from childhood. 'Right here in this building we have had it demonstrated that prohibition is not effective, and I can summon members of Congress as my witnesses. I will prove by them that when the sale of liquor was prohibited they would go down into the House restaurant and, giving the proper wink, ask for a cup of tea and be served with liquor.'"

QUARANTINED

SECOND ROOM IN NORTH FOURTH SCHOOL CLOSED FRIDAY MORNING.

One of the Pupils Had Been Exposed to Scarlet Fever and Precaution Was Taken.

The scarlet fever which made necessary the closing of Miss Gortrade Avey's room in the North Fourth street school, has spread and the room of Mrs. Shinger was quarantined this morning. This is more of a precaution than anything else since it has been found that one of the pupils of this room was exposed to the disease.

The City Board of Health is taking every precaution to prevent a further contagion and they hope to check the fever before it assumes serious proportions. The addresses of the pupils in the room under quarantine have been taken and the children are being watched carefully to see if they show symptoms of the fever.

'PHONE COMPANY NAMES DIRECTORS

Pataskala, O., Feb. 14—The annual meeting of the Pataskala Farmers' Telephone company was held at its offices at 2 o'clock, and notwithstanding that the roads were almost impassable, a full attendance was had, nearly every one of the 200 stockholders being present. The meeting was called to order by President Snider. The new directors elected for the ensuing year were D. S. Snider, Wm. McCormack, J. O. Pryor, C. N. Alward, John M. Beem, E. D. Moore Jr., and Henry Brooke.

Every stockholder was enthusiastic over the work accomplished during the past year and every one pledged himself to push the movement to completion.

The yearly rental rate of \$12 for farmer telephone service was decided upon, and the directors were instructed to proceed with the construction of the plant.

By mutual agreement with the Buckeye Lake Home Telephone company the northern portion of Fairfield county will get free service with the subscribers of the Pataskala Farmers' Telephone company.

The religious work committee of the Y. M. C. A. calls attention to the special meetings to be held for the next four Sundays. Rev. James E. Shannon will be the speaker next Sunday afternoon at Taylor Hall. Rev. Mr. Shannon is well known in

REV. JAMES E. SHANNON. Licking county and is said to be a powerful speaker. His theme will be "The Man and a Vision." The music for this occasion will attract a great number in itself as the Denison male quartet has been engaged. All men are invited. Meeting begins at 3 p. m. A new feature on the program will be a sacred concert by the Auditorium orchestra in Taylor Hall beginning at 2:45 sharp.

FILES REPORT

BOARD OF COUNTY VISITORS FIND INSTITUTION IN SPLEN. DID SHAPE.

Boys' Industrial School at Lancaster and Girls' School at Delaware Also Visited.

D. M. Keller, secretary of the Board of County Visitors of Licking county, has submitted a report of the transaction of the board for the year ending November 15, 1907. The report shows that the board visited the County Infirmary on May 16, 1907, and found all the buildings and equipments in fine condition, and the inmates well cared for. On May 29, the board visited the Children's Home and found it in excellent con-

dition and the comfort of the children provided for in every respect.

On January 20, 1907, the board visited the Boys' Industrial school at Lancaster, and was very favorably impressed with the elaborate equipments of the institution and the beauty of the location.

On July 30, the board visited the Girls' Industrial school at Delaware. The inmates of this institution seemed to be reasonably well provided for and a fine new building was in course of construction for the better accommodation of the girls.

Individual members of the board also visited the county jail and the city prison during the year. The total expense during the year was \$40.25.

Little Ned and Miss Grace

A St. Valentine's Poem By Frank H. Sweet.

[Copyright, 1908, by Frank H. Sweet.]

PURCHASED
a valentine
dainty
With flowers
and perfume
and lace,
And three-year-old Ned was
to send it
To his three-year-old neighbor Grace.

His verses were loving and tender,
Saying, "Dearest, will you be mine?"

"HOW SWEET IT WILL BE TO HAVE GRACE FOR YOUR VALENTINE!"

And I said, "Little Ned, how sweet it will be To have Grace for your valentine!"

He fingered the beautiful missive,
While a smile fluttered over his face,
And he said: "I think I will keep it myself. I would rather have this than Grace!"

Yours and Ours

We supply to your children just as good food as we demand for our children.

We know that the wheat should be steam-cooked for six hours. So we do that.

Each berry should then be flaked so thin that the full oven heat gets to the center.

Then a fierce heat must be applied to break down the granules of starch. So we toast the flakes, for 30 minutes, at 400 degrees.

To make **Maple-Flake** requires 96 hours.

There are many ways where this work could be slighted, and the taste would not show it.

Flaked wheat can be made, and is made, in one-fourth of the time we spend on it.

We could sell you the package for 10 cents instead of 15 cents, if we made those economies.

But we would not give half-cooked wheat to our children, so we don't to yours.

We know that starch, unless properly cooked, is insoluble. The particles are not separated so the digestive juices can get to them. So we spend 96 hours to get a food that's all food, all digestible.

And we flavor it with pure maple syrup, so that the food which is best for the child will be the food that it wants.

This flavor is expensive, of course, for we boil the pure maple syrup with the wheat when we cook it. But a child chooses food largely by taste. It is wise, for all concerned, to thus induce the child to eat the food it should have.

Maple-Flake is the only wheat food which entirely digests. Our long process does all that is necessary. We use it in our homes. Please try it in yours.

The only food served in individual packages in hotels, clubs, cafes, and on dining cars.

THE FAN MILL.

President O'Brien of the American association, has signed Frank List and Gerald Hayes to complete his umpire staff. List umpired in the O and P. last season and while some of his decisions were a little rank yet he gave fair satisfaction in his work in this city. President Bobby Quinn, of the Ohio State league, would like to have secured List but of course is pleased to see him go higher. List will probably be loaned to a minor league that can afford to pay the price and will be ready to report on call should anything happen to any of the other umpires. President O'Brien is not to be caught napping in the middle of the season. He will keep tab on the work of the old O. and P. indicator hand.

Rube Waddell announces that he wants to pitch 11 of the 22 games of the St. Louis club plays with the Athletics. Rube is sore because some of the members of the Athletics did not want to play with him any longer. He says he can win every game from them and will do his best to do so. It is said Hedges paid about \$4,500 for the Rube.

It will cost Comiskey about \$6,000 over and above receipts from exhibition games to take the White Sox to California to train.

A Business Manager Quinn has received acknowledgment from ten contracts which he sent out for Columbus. Among them was that of Eddie Linke. Friday's Ohio Sun stated that none of the contracts had not as yet been returned as the boys wished to look them over.

Bill Hinchman is being considered for first base by the Cleveland club. Bill fell off in his batting the latter part of last year and did not play very often. If he could find his batting eye again he might displace Stovall, or young Daubert, the Marion recruit.

Pitcher Matt Muldowney of the Ft. Wayne Central league club saved a woman's life in Sharon. Her clothing was afire, Muldowney wrapped his overcoat about her, extinguishing the blaze.

Kitty Bransfield, former Pittsburgh first baseman, says he is through playing baseball. He has returned a contract offered by Philadelphia. Bransfield says he will try to get on as manager and part owner in a minor league.

Had St. Louis waived claim on Rube Waddell the eccentric pitcher would have gone to the minors. McAleer was the only American league manager willing to tackle George Edward.

Jack Chesbro is determined to make good next season. He is lighter than for years at this time.

Reddy Mack will again be manager of the Fairmount team of the West Penn. league. His team won the pennant last season.

President Navin of Detroit says he fears New York more than any other team. The old fear of Cleveland seems to have departed.

Manager William J. Clynner of the Columbus baseball club has been flirting with matrimony for a long time, but has at last succumbed to the wiles of Cupid. The successful winner of three pennants in the American association is to take unto himself a bride in the person of Miss Helen Beatrice Reilly of Hudson, Pa., a small city located near Wilkesbarre, Pa., Mr. Clynner's home city. There have been rumors of the manager's wedding for some time, but he has always succeeded in having them denied. The little love dart perforated his armor, however, and he at last succumbed. The wedding takes place February 25 at the country home of the bride. It is probable Manager Clynner will bring Mrs. Clynner with him when he comes to take charge of the Columbus club for the season.

FOUR CARS REACH ALBANY.

Albany, N. Y., Feb. 14.—Four of the automobiles engaged in the New York to Paris via Siberia race, had reached or passed Albany at a late hour last night. The American, one French and the Italian reached here soon after noon and went on west. The first German car that in which

Lieut. Kopper of the German army, is traveling, reached here at 10 p. m. and left at 6:30 this morning.

The other French car spent the night at Hudson. The second German car is said to be at Rhinebock, opposite Kingston. All the cars experienced great difficulty with heavy snow drifts and soft roads.

THE WRONG WAY

Many Physicians Try to Cure Dyspepsia by Having Their Patients Starve Out the Disease.

This Method May Ruin the Stomach.

To become a physician one must study medical literature for a long time and attend several years at a medical college, dissect at least one human body, pass many quizzes and examinations, and at last receive his diploma, which entitles him to the M. D. degree.

Yet all this does not necessarily make a doctor.

We have known many graduates, with their sheepskins, who could not apply the knowledge they had acquired to relieving and curing a patient of dyspepsia.

They were floored by their first attempt to cure such a patient.

They were not to blame for this, for all the knowledge they acquired from medical works was wholly experimental.

They were told to try the following: Aromatic Ammonia, Bicarbonate of Soda, Bicarbonate of Potash, Blue Mass, Camphor Water, Catechu, Charcoal, Creosote, Hot Water, Lime Water, Magnesia, Mineral Waters, Nitric Acid, Nitro-Muriatic Acid, Nux Vomica, Oil of Amber, Oil of Cayenne, Rhubarb, Senna, Spirits of Lavender, Stramonium, Strychnia, Sulphur, Tincture of Lime, Tincture of Cardamom, Taraxacum, Tincture of Ginger, Tincture of Iron, Tonics, Vegetable Bitters.

In the last hot water is the only remedy that will not do more harm than good, and its use is still an unsolved problem.

If the professor who coaches the graduate would hand him a package of Stuart's Dyspepsia Tablets and tell him that it was a specific for dyspepsia, indigestion, all stomach ailments, and should be his mainstay in such cases, that one grain of their active principle would digest 3000 grains of food in the stomach, and that aided by this remedy the stomach would soon regain its normal condition, he would do the student more good than sending him forth with a lot of uncertain knowledge about the cure of these diseased conditions.

The young doctor would gain a reputation by curing his first case of dyspepsia.

The patient cured would sound his praises far and near, as do thousands upon thousands who praise Stuart's Dyspepsia Tablets.

Instead of experimenting with the mess of medicine in the above list and doing his patients more harm than good, he would always be gaining reputation by always curing his patient.

When he met any indication of a diseased organ, he should discover what hundreds of other doctors have, that the whole trouble started with imperfect digestion and assimilation, then take out of his pocket medicine case a few of Stuart's Dyspepsia Tablets and tell the patient how to use them.

The result would be considered by the patient almost miraculous, and success after success would be achieved by him.

Many blood diseases, skin eruptions and heart troubles, yield readily to Stuart's Dyspepsia Tablets, because they cure the incubating cause—dyspepsia. If the stomach is wrong you are wrong all over.

Stuart's Dyspepsia Tablets are sold everywhere at druggists—50 cents per package.

Send us your name and address to-day and we will at once send you by mail a sample package free. Address F. A. Stuart Co., 150 Stuart Building, Marshall, Mich.

The Committee Of Selection

A St. Valentine's Story
By Harrison Smith.

[Copyright, 1908, by T. C. McClure.]

SCRIVENER rounded the corner and made his way leisurely through the afternoon crowd that thronged the sidewalk on the sunny side of the street. Some yards ahead he caught sight of a blue bat with a distinctive feather. He quickened his steps with a mind singly bent on overtaking it, but the blue bat was in a hurry. It dodged this way and that with amazing dexterity, and not until the pursuit had progressed several blocks was he able to lay a detaining hand on Molly Stanton's shoulder.

"Oh, I say," he protested. She turned. "Oh, it's you, Mr. Scrivener," she said, with a smile that was ample recompense for the chase. "I should keep in training for such emergencies as these," Scrivener panted.

She laughed. "I was making pretty good time," she admitted; "but you see, I'm weighed down with responsibility, and I want to free myself of the load as soon as possible."

"Yes?" said Scrivener questioning. "I'm appointed by Donald a committee of one to select a valentine. He has a terrible affair of the heart. It's the little girl next door."

"Dear, dear," said Scrivener gravely, "this is a serious matter. Any restrictions imposed on the selection?"

"It mustn't cost more than 18 cents."

IT WAS A SPLENDID DIAMOND.

—he made that amount yesterday running errands for the cook—and it must have a heart on it," she explained.

"Ha! The difficulties multiply," said Scrivener darkly.

"I'd like your help in the matter if you're not too busy," she said. "Were you going anywhere in particular?"

"I was going up to the club for lunch," he said. "I wasn't really certain I wanted lunch. Now I'm sure I don't."

"We'll make it a committee of two, then, if you don't mind," she remarked.

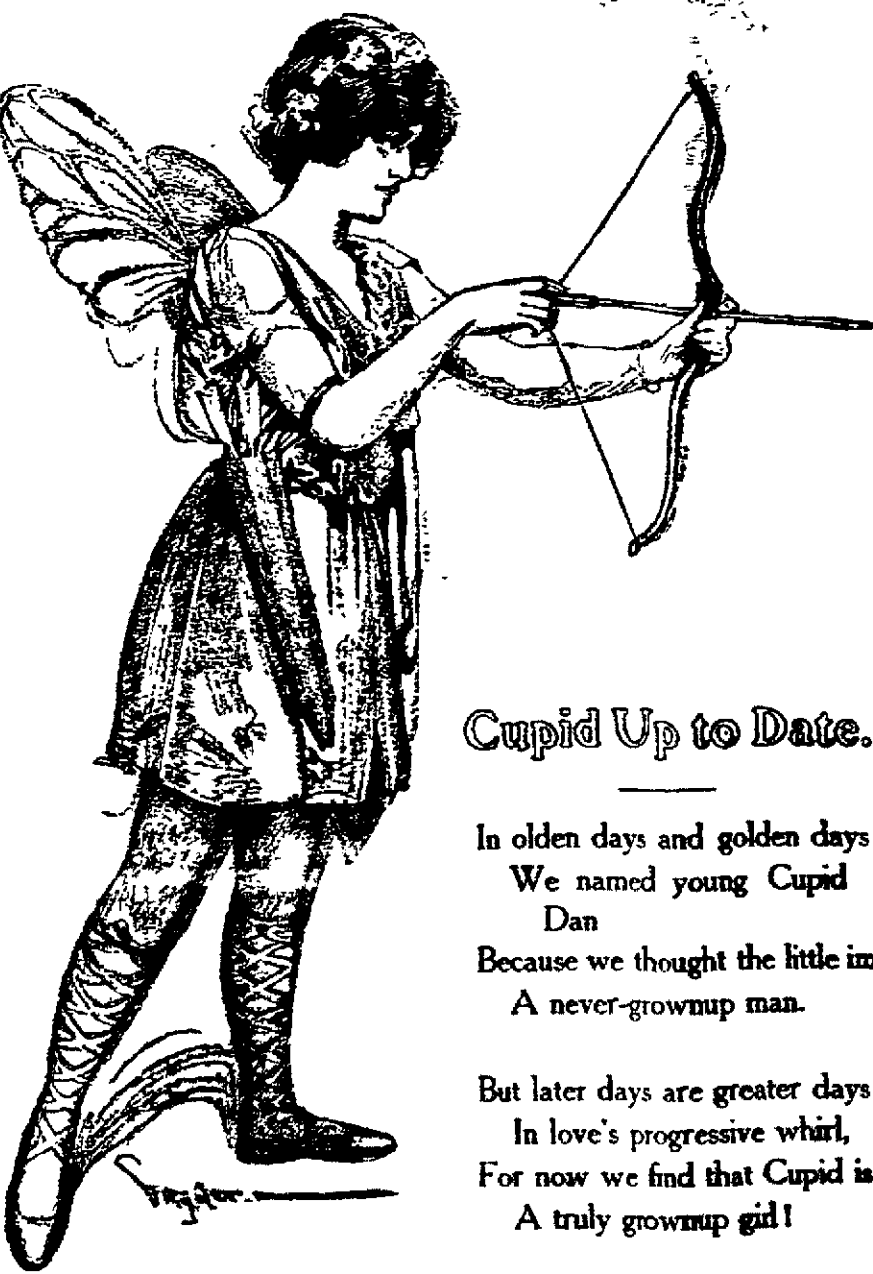

"Delighted," he said heartily.

They made a merry round in quest of the requisite valentine.

In the first shop they entered Scrivener pointed out the fact that all the decent valentines cost more than 18 cents, in the second those that came within the stipulated price were decked with hearts far too inconspicuous, and in the third the hearts were much too large and of the wrong shade of red.

Scrivener suggested they try a little place well up town, where he felt certain they could find what they wanted, so they took a car uptown, only to find the little shop quite sold out.

"I think you must want that lunch

ECZEMA CONQUERED

By a Grand, Old Remedy.

READ THIS EXPERIENCE.

The following story is unsolicited, and its truthfulness is evident. It is only one of many tales of great suffering from Eczema and a radical cure after all hope was lost.

Palmer's "SUCCESS" Treatment is well-known for its effects cures where they seemed impossible. It is not miraculous but scientific.

ECZEMA HAD TO YIELD.

A grateful husband sends the pleasing record of his wife's complete cure from Eczema after all hope had gone.

"At my wife's solicitation and from a feeling of personal gratitude, I wish to tell you what Palmer's 'SKIN-SUCCESS' Remedies have done for her. For two years past she had suffered tortures from Eczema. I consulted specialists all over the country in an effort to cure her, but it was money thrown away. It would take a good sized trunk to hold all the lotions and ointments that we had purchased. My wife had become so despondent at the repeated failures that life seemed hardly worth living. Some three months ago we went into a store in Akron, Ohio, where we had been in the habit of buying our groceries. The proprietor suggested our remedies. Had reached that stage where we had lost faith in everything, but the druggist recommended them so highly that I will wrap up a cake of the soap, a box of the ointment and a bottle of the remedy. When my wife applied the ointment she told me it hurt her so that she could hardly endure it, but at my urgent request she continued the treatment. Her hands were a sight, and her ankles were also badly affected. To-day there is not a sign of Eczema on either hands or feet. We are not acquainted with you but know that your remedies have worked this wonderful change, though you would like to know it."—P. A. Simon, Akron, Ohio.

The Palmer "SUCCESS" Treatment thoroughly eradicates all Skin and Blood Diseases, including Eczema, Salt Rheum, Psoriasis, Erysipelas, Acne, Scall, Pimples, Blackheads, Ringworm, Tetter, Itch and Oak Poisoning, Itching Affections, Itch, Burns, Bruises and Sores; also Constipation and all Liver and Blood Diseases.

by this time," she said as they took the downtown car.

"If I thought of lunch at such a critical moment as this I should consider myself false to Donald's interests," he replied ingenuously.

Finally they found a valentine that cost 17 cents and, as Miss Stanton said, with an uneasy glance at her watch, "would pass muster."

Scrivener expressed his doubts on this point and suggested that they look further, but even he had to admit that the heart, pasted gorgeously in one corner, was of the right size and color.

When they came on to the street again it was growing dark. Miss Stanton held out her hand.

"I'm awfully sorry to have delayed your lunch in this fashion, but I think it will taste all the better because of the good deeds you have done this afternoon," she said.

Scrivener looked at her thoughtfully. "If it wasn't so late," he said, "I'd like to ask a favor of you."

"It's never too late to ask favors," she commented gayly.

"I'm intending to send a valentine myself," he said. "I'd be very grateful if you'd help me choose it—give me a few tips about it, you know."

"If you've made your 18 cents and won't insist on having a heart on it, perhaps I will," she laughed.

"My word on it," he said.

"Have you decided what sort of valentine it shall be?" she asked.

"I did think of one I'd like to send her," he said. "But to be candid with you, I'm a trifle afraid of the lady. I

have my doubts whether, or not she'd like it. Shall we have a look at it? It's in a window down the street."

"By all means," she said.

"Perhaps I'd better send something else. How would a box of candy do? It needn't be a heart shaped box."

"She'll probably have pounds of candy."

"Or flowers—Princess of Wales violets!"

"Too conventional," she vetoed.

"My ingenuity ends there," he complained.

"Perhaps your first selection will be just the thing," she said hopefully.

"I wish it might be," he returned fervently. "Here we are," said he a moment later.

They stopped before a big window which glittered and glinted with many tokens of a cunning craft.

"This one," he said, "down in the corner—the fellow in the morocco case."

It was a splendid diamond.

"Would she like it, do you think?" he asked.

She looked at him quickly. There was no mistaking the meaning in his eyes.

"It—it depends, of course, whether or not she—likes you," she faltered.

"It's just that that troubles me," he said. "I'm not sure whether she does or not."

Her eyes met his defiantly.

"Well," she said grimly, "if I were you I'd find out."

"Does she like?" he began bravely and ended lamely—"the—the valentine?"

She was silent. Her eyes were fixed on the little morocco case.

"Hang it!" he said penitently. "I forgot. There's a heart about it after all, isn't there?"

She answered without raising her eyes.

"She'll overlook that fault. And, anyway, the heart is the right size—Harry."

CHRONIC CATARRH

Caused by Run Down Constitution and Continued Colds—The Best Remedy.

Our changeable climate is very trying to Newark people with run-down constitutions. That's why such a large proportion of them suffer from chronic catarrh and pulmonary troubles.

We want to say to every person in Newark at this season of the year, "Build up your run down system and your ailments will disappear." For this purpose we have never sold anything in our store equal to the delicious cod liver and iron preparation, Vinol.

Being rich in the elements of life, Vinol tones up the digestive organs, creates a healthy appetite and makes rich red blood. In this natural manner strength is created for every organ in the body, and chronic catarrh and pulmonary troubles are overcome.

We ask the aged, weak and run-down people of Newark and those suffering from chronic catarrh and pulmonary troubles to try Vinol. If it does no good we will refund your money. Frank D. Hall, druggist, Newark, O.

CONFERR THIRD DEGREE IN AMPLIFIED FORM AND ALSO ENJOY BANQUET.

Sixty Members of Granville Lodge Visit Castle Hall—Splendid Orchestra Music.

Thursday night, February 13, was a great night in the history of Newark Lodge, No. 13, Knights of Pythias, of Newark. It was the occasion of a fraternal visit from sixty of the members of Altamaha Lodge, Knights of Pythias of Granville, who came down in a private parlor car at an early

hour in the evening. The Granville Knights were accompanied by Johnson's splendid colored orchestra, and on their arrival here were met by a reception committee and escorted to the beautiful Castle Hall of Newark Lodge, where they were given a royal reception. The principal feature of the evening was the conferring of the third degree in amplified form, after which all sat down to a splendid banquet. During the evening the orchestra furnished splendid music for the occasion.

Railroad Notes.

B. & O. engine No. 586, which has been doing work near Cambridge, broke down and had to be brought to Newark for repairs. Engineer Thomas W. Fowler brought her up.

Odd Railroad Test.

People along the eastern division of the Boston and Maine railroad between Boston and Portsmouth have been treated to a peculiar sight for the last few days as they observed a man riding on the engine of train No. 29. Standing on a little platform surrounded by a sheet of canvas to break the force of the wind, he rode near the smokestack back and forth to Portsmouth every day. The company has been making a test of a smoke burning apparatus and trying to find out just how much water and coal are consumed for each mile of the trip and also recording the speed of the engine made on varying steam pressure. In the cab have been two other men, known as inspectors, taking a record of the work done by the fireman in handling the fire of the locomotive during round trips.

THE TOWN MADE A MOTION.

There's a city built down by the ocean, and its people one day took a notion to paint the town right, so they bought Spartan White and they've never regretted the motion. Spartan White Lead is best for the painter and best for the property owner. Manufactured by The Marietta Paint & Color Co., Marietta, Ohio. Sold by the Newark Paint Co., 31 West Church street.

Old Coughs

Keep in close touch with your family doctor. No medicine was ever made that could take his place. Trust him at all times.

Old coughs, desperate coughs, rasping coughs, extremely perilous coughs, coughs that shake the whole body. It takes a strong medicine, a doctor's medicine, to master such coughs. A great many people rely on Ayer's Cherry Pectoral.

hour in the evening. The Granville Knights were accompanied by Johnson's splendid colored orchestra, and on their arrival here were met by a reception committee and escorted to the beautiful Castle Hall of Newark Lodge, where they were given a royal reception. The principal feature of the evening was the conferring of the third degree in amplified form, after which all sat down to a splendid banquet. During the evening the orchestra furnished splendid music for the occasion.

Railroad Notes.

B. & O. engine No. 586, which has been doing work near Cambridge, broke down and had to be brought to Newark for repairs. Engineer Thomas W. Fowler brought her up.

Odd Railroad Test.

People along the eastern division of the Boston and Maine railroad between Boston and Portsmouth have been treated to a peculiar sight for the last few days as they observed a man riding on the engine of train No. 29. Standing on a little platform surrounded by a sheet of canvas to break the force of the wind, he rode near the smokestack back and forth to Portsmouth every day. The company has been making a test of a smoke burning apparatus and trying to find out just how much water and coal are consumed for each mile of the trip and also recording the speed of the engine made on varying steam pressure. In the cab have been two other men, known as inspectors, taking a record of the work done by the fireman in handling the fire of the locomotive during round trips.

PRINCIPAL NEWS OF BUCKEYEDOM

SONS DYING, HANGS SELF.
Dayton, Feb. 14.—"Every dollar I make goes for food or medicine," said William Smith, aged 69, a prominent contracting plasterer, to a friend on Wednesday night. Then the speaker went to his barn and hanged himself. Two of his sons are slowly dying of consumption.

LIVE STOCK BURNS.
Ripley, Feb. 14.—The barn of Lillie Gilliland, a farmer, burned last night with 15 head of cattle, six horses, four hogs and several hundred chickens, together with all his farming implements. The loss is \$4000 with small insurance.

LIMA OIL COMPANY FAILS.
Lima, Feb. 14.—On the petition of B. K. Russell the National Consolidated Oil company, a million dollar concern, with outstanding bonds of \$200,000, was placed in the hands of a receiver yesterday, Geo. W. King being named. The receivership, it is stated, followed default upon the semi-annual interest due on the bonds. Judgments were secured for \$3747 by the plaintiff and the receivership proceedings followed.

TOWNSHIP OFFICIAL DIES.
Coring, Feb. 14.—Wm. Priest, 75 years old, who was trustee of Monroe township for 16 years, died last evening.

ALL IN THREE MONTHS.
Wapakoneta, Feb. 14.—Married in December, deserted in January and suing for divorce in February is the record of Matilda C. Rohr of St. Mary's, 60 years old, thrice married and twice a widow. This was the fifth matrimonial venture of her husband, John Rohr, 72 years old, who

has been thrice left a widower and once divorced.

BRIDGES IN DANGER.
Cleveland, Feb. 14.—A railway bridge, a large wagon bridge, valuable yachts, small boats and the buildings of a park are in jeopardy as the result of high water in Rocky river, in the western part of the city. An ice jam has stored a large volume of water, and should the ice break suddenly, great damage doubtless would result.

MAY ANNOUNCE EXPULSION.
Cincinnati, Feb. 14.—The restraining order issued Jan. 28 by United States Judge Sater, at the request of the General Compressed Air and Vacuum Manufacturing company of St. Louis prohibiting the National Metal Trades association from publishing a statement that it has expelled the St. Louis firm, was vacated yesterday by decision of Judge Sater.

DOG GIVES FIRE ALARM.
Marysville, Feb. 14.—The residence of O. D. Browning, an old soldier of Richmond, was destroyed by fire at 2 o'clock yesterday morning. Browning barely had time to get out of the building. He was apprised of the fire by his dog, and did not have time to get his clothes. He jumped through the window and was badly cut. The fire was of incendiary origin.

CHILD EATS INDELBLE LEAD.
Chardon, Feb. 14.—The little son of Frank Savage and wife of Newbury came near dying when it tried to eat an indelible lead pencil. Doctors worked two hours to save the child's life.

SHIRER—STANTON.
On Wednesday evening at 8:30 Miss Ella Stanton and Mr. Roy H. Shiner were united in the holy bonds of matrimony by Rev. T. A. Cosgrove. The ceremony was solemnized in the Second Presbyterian church in the presence of only the immediate family.

Mrs. Shiner has devoted her time to the study of music and has a number of friends here, being the daughter of Mr. and Mrs. Owen Stanton of North Morris street. Mr. Shiner is employed as a clerk at the H. H. Griggs store. They will reside on Cedar street.

LIMA OIL COMPANY IS FORCED INTO RECEIVER'S HANDS

Lima, Feb. 14.—On the petition of B. K. Russell the National Consolidated Oil company, a million dollar concern, with outstanding bonds of \$200,000, was placed in the hands of a receiver yesterday, George W. King being named.

The receivership, it is stated, followed default upon the semi-annual interest due on the bonds. Judgments were secured for \$3747 by the plaintiff and the receivership proceedings followed. Threatening 1 lens against the machinery used in operating the company's many leases in this county and throughout northwestern Ohio.

L. Russell is president and W. A. Abendroth is secretary of the company, and both agreed to the court's action.

AMUSEMENTS

A PAIR OF COUNTRY KIDS.
The pair of kids at the Auditorium Saturday afternoon and night, from all reports are a lively pair and are ably assisted by a competent company of ladies and gentlemen, as are all such high class companies presenting rural comedies.

AMERICAN STOCK CO.
Baseball lovers, and that includes about everyone in Newark, will remember Jack Warburton, the "great little comedian" of the American Stock company which played the Casino at Idlewild last summer during the exciting finish of the league race. Jack comes to the Auditorium next week with the Americans, and has a new bunch of songs and jokes for the crowd, all of them bright and up to date. The company has witnessed some alterations since it was here, all changes being to improve the presentations. The company carried its fine indeed. The opening play on Monday night is "The Black Hand," and certainly the name has been well advertised through the newspapers, due to the constant mention of the Italian society of crime. Monday night is ladies' night. 200 ladies securing the bargains in seats if first at the sale counter. Sale opens Saturday morning.

LITTLE JOHNNY JONES.
A musical attraction of exceptional merit and one that has already made a metropolitan reputation in the leading theaters of the country is "Little Johnny Jones," which will be seen at the Auditorium next Friday evening, with the entire and complete original production as witnessed for twenty-two weeks in New York and over three months in Chicago last season, with engagements of several weeks in Boston, Philadelphia, Baltimore, St. Louis and Washington. It is seldom that an attraction of this magnitude is witnessed outside of the very largest cities, but after persistent efforts our local management has secured "Little Johnny Jones" for a presentation in this city. Amy Leslie, one of the most famous writers on stage events in the country, in her review of the performance in the Chicago Daily News, finds occasion in her column review of the performance to remark: "The play itself redounds tremendously to the credit of so young and busy an author as Mr. Co-han." The play is in three acts and four scenes, the scenery for which is massive and realistic.

AL G. FIELD ON THEATRICAL SUCCESSES
"A popular production which some time ago played to capacity business in the south was unable to give away its tickets in New York City," said Al G. Field, the minstrel, "A successful play upon the road often spells failure in New York. On the other hand a successful production in New York will usually bring ample returns to the coffers of the theatrical manager on tour.
"A failure in New York, it becomes a success upon the road. It has the New York stamp of approval. Whereas, upon the other hand, a big success in Chicago may play to vacant houses in towns of a hundred or two hundred thousand, somewhere between Chicago and New York. The people must be shown the New York stamp of approval.
"On the other hand, given a bona fide success in New York City, oftentimes there will be recorded a failure upon the road, notwithstanding

the fact that the New York stamp of approval has been pasted on. A real New York success may go upon the road for a season, then fail utterly. It may be returned to Broadway and make the manager rich.

Plays which went in New York 10 or 20 years ago would not 'go' there today. This because, as emphasized above, the locale plays a very prominent part in successful New York attractions today. New York does not take kindly to the rural drama; it responds to a play dealing with financial or political New York.

"A play which makes money some years ago might also fail flat upon the road. It would be termed 'old fashioned,' situation and episodes would be too palpable.

"Taste fluctuates.
"The people are gradually coming to see a play or hear a song as the botanist views a flower; looking right down into the heart of things. Some day they will wake up with all the amusement gone! Every one is simply a critic nowadays.

"A big production may succeed in Philadelphia and fail in New York; not one of us, showman or layman, can predict its future. It is up to the public, the general taste.

"No matter how shrewd a showman may be, he never can foretell the success or failure of an offering. And, after all, stripped of commercialism, free of all the tricks of the profession, a legitimate entertainment must sound the public taste. And this public taste is often the individual taste.

"Rotten!" today; "Great!" tomorrow.

ORPHUM THEATER.
Amateurs at both performances tonight and bunch of top-notchers are promised. This will probably be a double header that has never before been equalled so far this season and don't fail to secure your seats!
